

## GUARD AND REGULARS TO JOIN IN FIELD DAY

Fort Myer Military Exhibit on Saturday Planned to Raise Funds for Guardsmen's Families.

Every troop, company and battery at Camp Ordway and regular cavalry at Fort Myer will be represented in the military field day that will be held on the upper Fort Myer drill field Saturday afternoon, to raise money for the needy families of District Guardsmen. It is expected that a large crowd of Washingtonians will attend.

The First Battalion of the Third Infantry will be represented by a company made up of Company B and squads from the other companies, commanded by Capt. Burlingame, which will do bayonet exercises. Company H, of the Second Battalion, with additional squads, commanded by Capt. T. P. Heap, will give Butts' Manual exercises, which are physical exercises with the rifle. The movements will be to the music of the Third Infantry Band. Wall scaling will be shown by Company M, of the Third Battalion, augmented by men from other companies. This company, commanded by Capt. Edward Brian, also will give a close-order drill exhibition.

The regimental sanitary troops, under Maj. Charles R. Luce, will show how wounded men are cared for in battle, and the musicians of the infantry companies will give a musical semaphoric signal drill with red and white flags. Lieut. Gerber will be in charge.

Battery A will give a field artillery drill, and both Troop A of the Guard and a troop of the Regular Second Cavalry will charge across the field. A rescue race, which prone men are swept off the ground by riders of racing horses will be entered by teams from Battery A, Troop A and the regular cavalry.

The field events will be followed by a dance in the Administration Building at Fort Myer. Regular army officers, heads of the Citizens' Welfare Association and National Guard officers are cooperating in the arrangements.

The general committee consists of Lieut. Col. Anton Stephan, Majors Hodgson, McCathran, Summers, Cope and Luce, Captains Bliss, Vogt, Washburn and Fullam, Chaplain Smith, and Capt. Buchanan of the Second Cavalry.

**ADDITIONAL PROBE OF  
GASOLINE COST BEGUN**

The Federal Trade Commission, almost ready to report to Congress on its findings during months of investigation of the cause of the increased cost of gasoline, yesterday ordered a further extended investigation of the industry.

Field agents all over the United States were ordered to get all possible information concerning the cost increase from operators and dealers.

No reason was given for the extension of the investigation.

## ROCKVILLE FAIR OPENS

President Lee Offut Inaugurates Annual Montgomery County Exhibition Before Crowd of Several Hundred.

A full report of yesterday's racing results at the Rockville fair grounds appears on the sporting page of this issue.

Rockville, Md., Aug. 22.—The annual Montgomery County Fair at Rockville Maryland, was officially opened this morning by President Lee Offut, when he addressed a crowd of residents of the county, mostly exhibitors and the officials of the association.

Although there were several hundred admissions during the day, nothing of importance occurred other than the judging of stock and the feature race program during the afternoon. President Offut stated that the day was spent merely in getting things in smooth working order so that the crowds during the coming three days can easily be handled.

Considerable importance has been given to the live stock exhibits this year, and by far the finest and largest entries of cattle, hogs and sheep greeted the judges this morning when they selected the blue ribbon winners in the various classes.

**To Judge Horses Today.**

The horse judging will not take place until tomorrow morning and from the appearance of the breeds and classes of horses considerable time will be required to eliminate down to the winners. In the horse judging, the owners will put their animals through the severest test.

John B. Diamond, Chas. Viers, and J. W. Jones, were the superintendents in charge of the dairy and beef cattle; Wm. H. Fawcett, J. W. Jones and Chas. P. Kirk, superintendents of hogs and sheep. Those who will have charge of the light and heavy draft horse exhibit, and judging tomorrow morning are N. J. Ward, J. W. Jones, Wm. Fawcett, Wm. B. Trundell, Charles P. Kirk and P. E. Walters.

The day was exceedingly hot and this kept the crowd down to a certain extent, but Vice President Kirk remarked that the big days were coming and the officials were more than satisfied with today's attendance. Secretary James T. Bogley announced that one of the features would be the big automobile parade next Friday morning.

Auto owners from any place in the country could enter provided they registered their desire not later than Thursday evening. A cash prize will be presented to the most unique design of decoration.

**Side Shows Numerous.**

Today the dozens of vendors and side-show attractions were lining up the many avenues of the grounds. Spin wheels, shell games, cane rings, nigger babbles, side shows with their fat women and skeleton man, fire eaters, and snake charmers, all had their critics practicing up on the crowd for bigger business tomorrow.

It will be fun for the residents of the country and a chance for city people.

A feature racing card will be held each afternoon, when the fastest horses in the surrounding States will take part, in both running and harness races. Liberator's are up. Today's card was interesting and despite the intense heat, several hundred people were in the grandstand and along the track under the trees.

Several automobile parties motored from Washington today. There will be ample and secure parking for machines.

**Officers in Charge.**

The officials of the Montgomery County Agricultural Society who are in charge of the Rockville Fair are: Lee Offut, president, Rockville; Charles P. Kirk, vice president, Olney; James T. Bogley, secretary, Rockville; John T. Higgins, treasurer, Rockville.

The board of directors follow: Lee Offut, Rockville; Josiah W. Jones, Olney; Charles P. Kirk, Olney; Charles Viers, Rockville; William K. Jones, Rockville; David H. Warfield, Rockville; William H. Ocoquan has furnished Washington about 1,000 piles during the last three months. A raft of 150 was received yesterday and delivered above the Anacostia Bridge. The piles are being used for improvement work there and many more are expected in the future.

The Delcacia, a dredge of the United States army engineer service now employed on the Eastern branch improvement work, will be transferred to Ocoquan creek. The channel will be dredged to a depth of seven feet at low water to the District workshop.

The cost of subsistence in the navy has decreased three-quarters of a cent per man this year, as compared with the fiscal year 1914, the highest cost of living as a result of the European war.

Paymaster General McGowan reports that a net saving of about \$100,000 is indicated.

It was announced yesterday that plenty of automobile tags were now available to automobilists. Owing to a shortage of the metal tags, it has been necessary to use cardboard substitutes. Scarcity of metal was the reason for a delay in the supply. The new tags will be issued at the office of the permit clerk, District Building, to owners having temporary tags, upon presentation of the license receipt.

Representative Gardner, of Mass., will be one of a number of questions concerning the navy to Secretary Daniels, in the hope that they will be answered in an address which the latter is to deliver Friday at Jacksonville, Me. The questions will be in a speech which Representative Gardner will make Thursday at West Sullivan, Me.

"WHY do I need safe deposit protection?" many persons ask. "I have no jewels, stocks or bonds."

No—but you do have insurance policies, contracts, deeds, abstracts, valuable papers, etc.—and they are worth just as much to you as someone else's stocks or bonds are to him. Protect them from fire, burglars or accidental loss, therefore, by placing them in a private steel safe inside our vault. The cost is nominal. Come in and see the advantages offered by our vault.

## SEA FIGHT DESCRIBED

Berlin Releases Version of Naval Engagement in Northern Waters On August 19.

(By the International News Service.)  
Berlin (via Sayville), Aug. 22.—The following version of the naval engagement in the North Sea on August 19, in which the Germans claim to have sunk a British cruiser and a torpedo boat destroyer, was given out today by the admiralty:

"A German submarine on August 19, about 5 p. m., sighted five small English cruisers steaming southeastward, accompanied by two flotillas of destroyers, behind which were six battle cruisers strongly protected by destroyers. The submarine fired a torpedo against one protecting destroyer with four funnels, apparently of the Mohawk type. A short while afterward the hit destroyer sank bow first.

"Immediately the whole English squadron turned in flight. The submarine then attacked a small cruiser of the Chatham type, two shots taking effect. The ship developed a heavy list and stopped short."

## LABOR REPRESENTATIVES WIN STRIKER'S RELEASE

Congressmen allied with the "labor group" yesterday triumphed in a fight which was carried to the White House to secure the release of George H. Audreychine, an iron worker, of Hibbing, Minn., who was arrested during the big strike of the Mesaba mine workers and was threatened with deportation to Bulgaria. Secretary of Labor Wilson yesterday ordered the cancellation of the deportation warrant, and directed that he be given the status of a desirable alien.

## JAPAN DENIES DESIRE TO ACQUIRE NAVAL BASE

German propagandists inspired and spread reports of the acquisition, through secret agents, of land for a naval base on the Atlantic seaboard of Panama. Houbartur Kawashima, third secretary of the Japanese Embassy, today issued an emphatic denial on behalf of his government of the sensational charges of Japanese aggression on the isthmus. The Embassy, the diplomat said, was eager that the true facts concerning the transaction might be developed.

## LACY LINGERIE LIFTED

Indignant Bathers Forced to Turn Their Heads From View of Husband's B. V. D.'s as a Consequence.

Special to The Washington Herald.  
New bathed on yesterday and found the most distressed and guests the popular resort ever had. There was nothing they could do except, in the cases of women who have husbands, put on their outer wear without—well, without.

About \$400 worth of fine, silky, next-to-skin garments were stolen.

A thief, presumably a most discriminating woman, made the haul of underwear from the locker room of the Hotel Nassau. The matter would have been kept quiet, but so many suffered that the secret was impossible to keep.

The locker room is under the hotel and reached from the beach by passing under the boardwalk through a tunnel. On one side is the men's locker room and on the other the women's.

The locker girl was called out for a time, and it was supposed it was during that interval the robbery was committed.

Outer garments worth big sums were ignored. Women had left jewelry fastened to their clothing, but not a jewel was taken.

In every case the silkkest and finest of undergarments disappeared. One woman reported the loss of a garment worth \$60. It formed part of her wedding outfit a year ago and she had not worn it since.

## Hot Water and "Anuric" Before Meals--And Health

Oh! My Back!

When the kidneys are weak or diseased, these natural filters do not cleanse the blood sufficiently, and the poisons are carried to all parts of the body. There follow depression, aches and pains, heaviness, drowsiness, irritability, headaches, chilliness and rheumatism. In some people there are sharp pains in the back and loins, distressing bladder disorders and sometimes obstinate dropsy. The uric acid sometimes forms into gravel or kidney stones. When the uric acid affects the muscles and joints, it causes lumbago, rheumatism, gout or sciatica.

This is the time to try "Anuric," the valuable remedy of Dr. Pierce for kidney trouble and pains in back and all over body! Write Dr. Pierce, send 10c. for a trial package—this will prove to you that "Anuric" is many times more potent than lithia and eliminates the uric acid from the system or ask your druggist now for a fifty-cent box of "Anuric."

Folks in town and adjoining counties are delighted with the results they have obtained by using "Anuric." They daily voice their praises of the merits of "Anuric," discovered by Dr. Pierce, of "Favorite Prescription" and "Golden Medical Discovery" fame. Here is a letter for instance, that of Mr. G. P. ACKERMAN. He says:

"About two weeks ago I received a trial bottle of 'Anuric' and as I was affected with lame back and other symptoms mentioned in the pamphlet, I began taking the tablets at once and in a few days the lameness in back and other disagreeable symptoms entirely disappeared and, although I am 63 years old, I am working every day and feel no inconvenience. I consider the cure wonderful. Publish this if you wish."

Just step into the drug store and ask for "Anuric," 50 cent, or send Doctor Pierce 10 cents for trial package.
